

SOCKETSCAN S860, ULTIMATE BARCODE SCANNER & TRAVEL ID READER

DESCRIPTIONS OF S860

~25 Words

The Socket Mobile S860 is a small high-performance 2D/1D barcode scanner, travel identifications and passport reader with Bluetooth wireless technology that easily attaches to a smartphone. Reads printed or on-screen barcodes and MRZ/passports.

~50 Words

The Socket Mobile S860 is a high-performance 2D/1D barcode scanner, travel identifications and passport reader with Bluetooth wireless technology. Attachable to smartphones, as one of the smallest and lightest scanners. Enable one-handed scanning of barcodes printed or on device screens and MRZ/passports, combining two scanning devices into one – barcode and passport reader.

~100 Words

The Socket Mobile S860 is a fast-scanning 2D imager barcode scanner and passport reader with Bluetooth wireless technology. The scanner virtually captures any 1D or 2D barcodes in milliseconds. Small, thin and easy to use, the scanner is optimized for attaching to mobile devices, enabling one-handed operation. Merchants can scan barcodes of products and the passports of consumers with one device. Scanning barcodes printed on labels or displayed on device screens, it reads all the most popular 2D barcodes and MRZ/passports, perfect for the travel industry retail point of sale, inventory management, sales order entry, field service, and other mobile business apps. Approximately the same size as a credit card, measuring less than ½ inch (1.27cm) thick and weighing less than two ounces, the S860 is one of the smallest and lightest barcode scanners and passport readers available in the market today. The S860 slips neatly into your pocket and fits comfortably in the palm of your hand when attached to a smartphone.

KEY SELLING POINTS

- Bluetooth Wireless Technology - Connects easily to a wide range of Bluetooth enabled smartphones, tablets, notebooks and desktop computers
- Certified by Apple for iOS devices – Guaranteed Compatibility - With Capture SDK integrated in over 700+ apps, Socket Mobile scanners are one of the most natively integrated scanners available today. Socket Mobile Scanners can work as a keyboard and are 100% compatible with any app out-of-the-box in HID (keyboard emulation) mode.
- Compatible with all Android, Apple and Microsoft Windows devices and apps
- Scanning – Fast 2D/1D barcode scanning with highly visible and safe LED aimer and omni-directional ability, allowing intuitive rapid scanning. Scans OCR A&B fonts, OCR USC, OCR passport and OCR MICR (E13B) fonts.
- Decoding Ability - Reads damaged and poorly printed barcodes

- LED Aimer - Bright, rectangular illumination field with LED pointer for precise aiming
- Size & Weight – Measuring less than ½ inch (1.27cm) thick and weighing less than two ounces (48g)
- User Feedback - With audible tones, hand pulsation and Bluetooth indicators
- Long-Lasting Battery - Power to last over a full work day, up to 10 hours
